The Jury Declares Mrs. George Innocent of the Murder of George Saxton.

VERDICT RECEIVED WITH CHEERS.

Jury Was Out 23 Hours and 45 Minutes and 22 Ballots Were Taken By Them.

Mrs. George Took Each Jurymen by the Hand and Thanked Him. She then Received the Hearty Congratulations of the Crowd.

CANTON, O., April 29.—At 10:37 a. m. Friday the jury in the case of Mrs. Anna George, on trial for the murder of George D. Saxton, filed into court and announced their verdict, which was "Not guilty."

Following the verdict was read the court cautioned the audience that there must be no demonstration. In spite of that there were loud cheers as the clerk read the verdict of "Not guilty."

A score of women rushed to Mrs. George and shook her hand. Congratulations were also extended to her attorneys. She worked her way to the jury box, took each jurymen by the hand and gave them a word and a nod of thanks. Then the court said she was discharged, and released the jury.

Mrs. George remained in the court room for some time after the verdict was announced, acknowledging the congratulations of her friends. She then went to the Hotel Conrad, a block from the court house, in company with Mr. and Mrs. McElroy, her cousins, who have been with her during much of the hearing and at 12:15 was eating dinner with them at the hotel. The jury was out 23 hours and 45 minutes and during that time 22 ballots were cast.

The interval between these ballots was spent in reviewing the case and discussing its various phases. After the jury retired, it was said that in its first preliminary ballot was taken at 12:30 o'clock Thursday afternoon, on a half hour after they had been cloistered in the jury room. This ballot showed four jurymen for a verdict of guilty of murder in the first degree and eight jurymen for a verdict of "not guilty" or acquittal. As the jury goes, the second ballot was taken at 2 p. m. and resulted the same. This was also the result of the third ballot, taken 45 minutes later at 3:45 o'clock. The fourth ballot was taken at 4:30 o'clock Friday morning, resulting in nine for not guilty and seven for guilty, one for second degree and two for manslaughter. At 4 p. m. Thursday the fifth ballot was taken with eight for not guilty and four for manslaughter. This was the result of all the succeeding ballots up to the fourteenth ballot at 2 o'clock Friday morning. The fifteenth ballot was taken at 4:30 o'clock Friday morning, resulting in nine for not guilty and three for manslaughter. The sixteenth ballot was not taken until 6:15 o'clock Friday morning when the vote showed eight for not guilty, three for manslaughter and one for assault and battery. At 8:45 Friday morning the 17th ballot was taken by the jury, returning to the eight for not guilty and four for manslaughter. Four minutes later the 18th ballot was shown, resulting in nine for not guilty and three for manslaughter. At 10 a. m., the 20th ballot was taken, showing 11 for not guilty and one for first degree murder.

The same result was shown in the 21st ballot. The 22d and last ballot was taken at 10:22 o'clock, with a unanimous vote of the 12 men being that of "not guilty."

A number of women friends and acquaintances called on Mrs. George in the parlor of the Conrad hotel, and a number of traveling men introduced themselves and offered their congratulations. Jurymen Miller was one of the callers, and to him Mrs. George expressed her warmest thanks, saying she had known him as her staunch friend from the first.

A number of congratulatory telegrams were delivered to her. To a reporter she said she would go to her old home in Hanoverston Saturday and visit her mother, Mrs. Lucinda Kihart, for a few days. Then she would return to Canton to gather up her belongings and arrange for the future. As to the future she said she had no definite plans as yet. She has been invited to go to the State Fair as an extended vacation during the summer, and she said she would probably accept the invitation.

Santa Clara Province, Cuba, is Still Under Government of Spanish Officers.

DRESSED IN GORGEOUS UNIFORMS.

Sancti Spiritus is Probably the Worst Managed of Any City of Its Size in the World.

Of a Population of 10,000, 6,000 Inhabitants are Receiving Government Rations—Surrounding Country is Fine for Agriculture.

HAVANA, April 28.—Advice from Santa Clara show that that province is still behind other parts of the island. In the matter of administrative reform. Every old Spanish officer is still in existence. The Cuban civil governor, Jose Maria Gomez, is seemingly allowed independence, yet, irrespective of the army. He wears a gorgeous uniform and spends his time in showing it in public places.

Gomez has had quarrels with the mayor of Sancti Spiritus, over the matter of appointments to the rural and civil guards, the mayors insisting that they should be permitted to make appointments to civil guards. Sancti Spiritus is probably the worst managed city of its size in the world. With a population of less than 10,000, 6,000 of the inhabitants are receiving government rations.

The entire country surrounding Sancti Spiritus is probably as fine for the purpose of raising fruits, vegetables and everything required for domestic consumption as is to be found anywhere. The city is doing very well as regards stores and cafes, and yet there is no local taxation the revenue being entirely derived from the customs receipts of the island. This source of revenue is insufficient for the maintenance of the city government and the mayor indignantly declares that if he does not receive a larger allowance immediately he will dismiss the police force, close the schools and suspend the civil government.

The condition on the city of Santa Clara is somewhat better than Sancti Spiritus, but it is not so good that the mayor is going to resign owing to the trouble with Gov. Gomez over the matter of appointments. No rations are now distributed at Santa Clara. Numerous trucks, farmers in the neighborhood are raising an abundance of vegetables. There is little local taxation and nothing is being expended for the improvement of roads.

Col. Noyes, of the 2d cavalry, who is in command of the military forces of Santa Clara, intends making ample improvements as far as his powers will permit. In this, however, he will be hampered by the restrictions of the government at Washington, which desires to give the civil governor every possible chance. There are splendid possibilities for Santa Clara province, with its fine wooded lands and magnificent rivers, only requiring capital and energy to insure a magnificent future.

Otis Friday announced that Aguinaldo had taken what is regarded as the first step toward surrendering, namely, requesting a cessation of hostilities. Secretary Alger said that he could not be said that peace was assured, he regarded the prospects as of the brightest and felt confident that the end of the insurrection was near. To his mind there would be a repetition of the negotiations which were had before Santiago.
